Everywhere It Matters.™

## HAND HYGIENE

Establishing effective hand hygiene procedures is one of the easiest ways to reduce the risk of cross-contamination and prevent the spread of illness in your operation. Working with a single supplier of cleaning, disinfection and hand hygiene solutions can help ensure your business is protected and your operating costs reduced.

DECONTAMINATE

Gentle gel hand sanitisers  
for all points of use.

### Spirigel complete

Spirigel complete gives users the feel of a liquid hand disinfectant, whilst providing the benefits of a traditional alcohol gel.

- ▲ Broad spectrum efficacy within 30 seconds, fully virucidal within 2 minutes
- ▲ Non-sticky feel
- ▲ Fragrance and dye free formulation minimising the risk of irritation
- ▲ Wide range of dispensing options available

### Skinman Soft Protect FF

Ecolab's skin friendly virucidal hand sanitiser with vitamin E, glycerin and panthenol.

- ▲ Broad spectrum efficacy within 20 seconds, fully virucidal within 30 seconds
- ▲ Fragrance and dye free formulation minimising the risk of irritation
- ▲ 1 L and 500 ml formats ideal for use with Ecolab's Dermados hand hygiene dispenser

Immediate

to protect skin from  
free radicals  
(anti oxidizing)

Long Lasting

to nourish dry skin  
and avoid dryness  
of the skin after  
repeated use of  
alcohol based  
product on hands

to stimulate  
skin  
regeneration

### Manodes GP

Professional use certified hand sanitiser with SARS-CoV-2 virus efficacy.

- ▲ Hygienic hand disinfection according to EN 1500
- ▲ Virucidal efficacy according to EN 14476
- ▲ 20 L format ideal for use with the Dermados station in high footfall areas

# DISPENSE

Product dispensers to suit a wide variety of locations and environments, helping to improve compliance.

## Nexa Dispensers

Provides efficient touch-free dispensing of soaps and hand rubs to help prevent the spread of germs. Easy installation ensures availability wherever hand hygiene is a priority.

- ▲ Adjustable dosing rate and volume
- ▲ Battery saving dispenser
- ▲ Optimise product use: 99% of product dispensed
- ▲ Battery life monitoring with light indicator
- ▲ Useful design to see expiry date
- ▲ Can be used for liquid, gel or foam products
- ▲ Economical and safe: The anti-drip pump draws excess product back into the dispenser, preventing falls and slips as well as product waste
- ▲ Closed system (product is implemented within a closed bottle)

## Dermados Dispensers

Wall mounted hand disinfectant dispenser, for use with 1 L and 500 ml hand disinfectant products. Made of easy-care, scratch and impact-resistant plastic for durability and longterm use. The interchangeable pump turns the wall dispenser for liquid products into a foam dispenser.

- ▲ Standard euro-spender dispenser
- ▲ Sensor driven touchless dispenser
- ▲ Low maintenance and safe application
- ▲ Easy installation
- ▲ Adjustable dosage volume: 1.6 - 6.4 ml

## Dermados Station

Stand-alone unit with touch-free operation for safe application of hand disinfectants. A user-friendly and safe hygiene station that can be easily installed wherever safe hand hygiene is required.

- ▲ Low and easy maintenance
- ▲ Reduce refill, save time and money
- ▲ For frequent use areas:  
20 L = 6666 doses of 3 ml  
(5 L = 1666 doses)
- ▲ Adjustable dosing rate
- ▲ Promote hand hygiene by attracting people's attention

WASH

Designed for frequent use on visibly soiled hands.

### Seraman sensitive

Seraman sensitive is a gentle hand wash formulation with pH 5.5 that maximises skin cleansing efficacy whilst maintaining excellent skin compatibility.

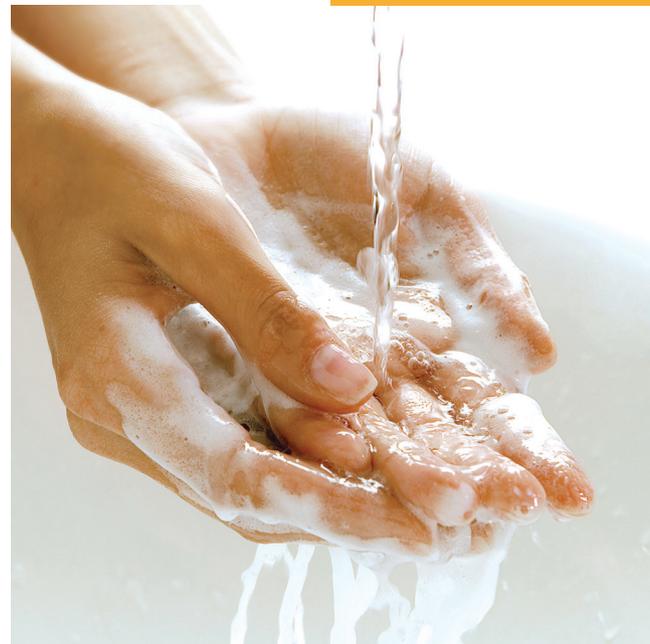

- ▲ Few ingredients to minimise risk of skin irritation
- ▲ Fragrance and dye free formulation
- ▲ Easy to rinse
- ▲ Optimal pH for good skin tolerance
- ▲ Made with sustainable raw materials

### Seraman soft

Seraman soft is a gentle hand and skin cleanser carefully formulated with additional moisturising properties, providing extra care for your hands.

- ▲ Skin neutral pH
- ▲ Fragrance and dye free formulation minimising the risk of irritation
- ▲ Contains emollients to protect the skin from drying out
- ▲ Formulated with a blend of gentle surfactants

# TRAINING

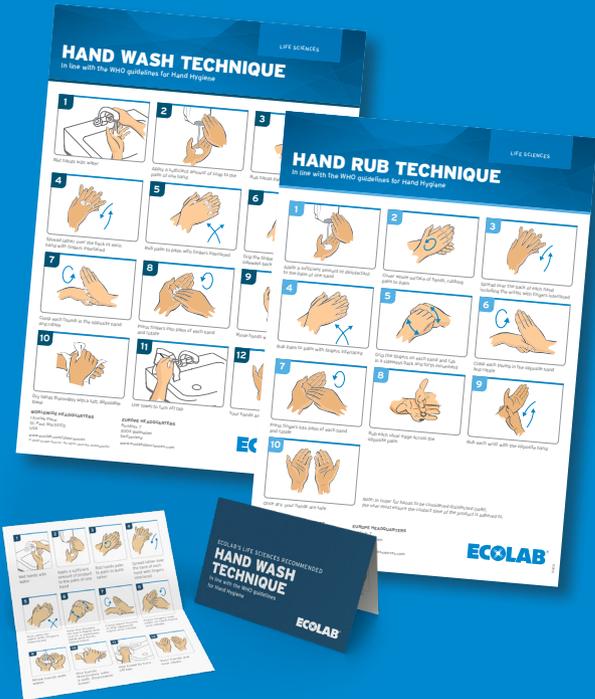

It is well known that technique is important in ensuring thorough hand hygiene.

## Training Resources

We can provide technique posters and cards to act as reminders at all points of use:

- ▲ Hand wash technique posters
- ▲ Hand rub technique posters
- ▲ Portable reminder cards
